

Package ‘estimateDelta’

March 29, 2017

Type Package

Title Estimating average treatment effect on the treated (or ATT)

Version 1.0

Date 2017-03-28

Author Ryden Butler, David Miller, Jonas Markgraf, and Hyunjoo Oh

Maintainer Ryden Butler <r.butler@wustl.edu>

Description Estimate treatment effects on the treatment group in randomized experiments when outcomes are only partially observed due to attrition and non-response in follow-up surveys.
